Council President McCarthy updated that this meeting was called to address a technical issue, one pertaining to the wrong map that was previously presented.

Mr. Banoff explained the difference between the two maps, noting that the curb cut for the entrance to the property was correct and there was no change related to the main entrance. The secondary entrance was incorrect on the map and it will now be expanded to allow trucks access into the Holland House driveway – *displayed revised map 32.1 dated 3/18/13 denoted the new curb cut and approved by Charles Carroll.*
